

Participate in the *National Renorming* of Hawthorne Rating Scales

Hawthorne Educational Services, Inc., is offering you the opportunity to participate in a national data collection project that would provide extra funds to spend at your discretion. *Non-identifying* data is currently being gathered nationally to renorm the **ADDES-3**. Hawthorne will pay \$6.00 for each set (i.e., 1 school form and 1 home form for a student) which is properly completed and returned to our office by a specific date established at the time you receive your forms.

The data you collect will be combined with the data from other examiners to establish norms. All information will remain completely confidential; data will be reported at the group level only.

This is a limited participation project. Requests for rating forms will be filled on a first-come, first-served basis until our quota is reached. If you are interested in participating, please complete the information below and return via FAX (800-442-9509) or email (adina_laird@hes-inc.com) to request forms. Thank you for your consideration.

***A minimum of 10 sets of forms must be completed per selected age group.
For each student chosen to be rated, a school form and a home form are to be completed.***

REQUEST FOR DATA COLLECTION FORMS

<i>Indicate the NUMBER of forms requested.</i> REGULAR ED STUDENTS		
Age	Home Forms <small>Completed by Parents</small>	School Forms <small>Completed by Educators</small>
